

Warranty / Extended Warranty

This warranty applies for the period defined on the invoice, every brand new system comes with a 12 month warranty from payment date, unless otherwise stated.

LRS warrants the Product to be free from defects in workmanship and materials for the Warranty Period. The Warranty does not cover bundled accessories, which were delivered together with the Product such as: cables, antennas, pager clips or disposable batteries. Any power supplies that are supplied by LRS are covered under a 3 month manufacturer's warranty period (from purchase date) we do require the faulty units back for assessment purposes if the repaired / replaced items are deemed not covered under warranty, charges may apply.

If the Product fails during normal and proper use within the Warranty Period, LRS will repair or replace the defective parts of the Product, or the Product itself, with new or reconditioned parts or products that are functionally equivalent or superior to those originally supplied.

LRS Warranty is back to base customers are responsible for getting the items back to the main office at your own cost; LRS covers transportation costs of returning the repaired / replaced unit/s. This Warranty does not include failure caused by improper installation, operation, cleaning or maintenance, accident, damage, misuse, abuse, normal wear and tear or any other event, act, default or omission outside LRS control.

This Warranty applies only within Australia / New Zealand
